

## Fit & Finish

At Elder Bee Homes, we want the home building process to be simple. With so many choices available on everything from fixtures to flooring, the task of building a custom home can be daunting. To offer a great selection, high quality and affordable prices, we have designed a four tier system for our Fit & Finish items which include fixtures, flooring, stair design, appliances and much more. Please view the standard features of each series to see which is the best fit for your needs.
