

Plan Customization for New Semi-Custom Homes

While many specs are available for immediate purchase, at Elder Bee we strive to meet the specific needs of our customers. With that in mind, we would love to design a semi-custom home just for you. Just pick your community, your lot and your home and let us do the rest! Please keep in mind, that not all plans are able to be built on all lots. As well, prices vary according to lot costs, spec level (the extras included), material costs, and many other factors.

We will consider revisions to our plans via CAD and/or Architectural Rendering. An additional fee may be required for these services. For more information, please contact our office.
